

A hummingbird is shown in flight, facing right. It has a long, bright red beak, a white breast, and iridescent blue and purple feathers on its head and wings. The background is a soft, out-of-focus green. The word "EXHIBIT" is overlaid in large, white, sans-serif capital letters across the center of the image.

Exhibitions & Displays

Sometimes it's not just what you say, it's how you look when you're saying it.

Our new Exhibit range gives you the tools to emphasise your message. For the first time, create enormous eye-catching displays... without the eye-watering price tag.

We've invested in the very latest, high-end, direct-to-fabric printing technology - the first of its kind in the UK. Our UK-based production hub employs talented seamstresses and technicians, ready and skilled to turn your ideas into a fabric reality.

Seeing is believing. Drop by your neighbourhood Nettl studio to goggle at the samples and talk through options

Make the most of your next exhibit.

Let's go!

Fabric Displays

Fabric Displays are made up of two main components — a strong, lightweight, tubular aluminium frame and a printed fabric cover.

The 260gsm 'stretch' fabric cover is printed on both sides as standard. Designed to fit snugly over the frame, it is secured at one edge with a zip fastening. The fabric cover is changeable and additional covers can be ordered separately.

These 'next generation' displays deliver maximum impact and completely eliminate the problem of visible join lines on larger displays.

- Fabric Display frames utilise a simple 'click together' mechanism.

- Each part is numbered for easy identification and quick assembly.

- Stretch the fabric graphic over the frame and zip up.

- All Fabric Display frames are supplied with a carry bag for easy transportation and storage.

Python

Pop up stand

2.3 x 0.9m

An impressive and imposing sculpture.

Stand + graphic

Gazebos

Gazebos are a versatile product. They provide abundant promotional space as well as shelter at outdoor events.

The waterproof canopy, back wall and side walls can all be personalised to ensure maximum impact.

Includes:

- Aluminium frame
- Printed canopy
- Carry bag

Optional extras:

- Full back wall, with single or double-sided print
- Half side wall, with single or double-sided print

- Marquis gazebo frame contracts to a compact size when not in use.

- Simply pull the four legs outwards - the frame will build itself.

- Pop the canopy on top of the frame before it is fully stretched.

- Arrange the corners of the canopy over the frame securely.

Printed half height and full height walls sold separately

PVC Banners

PVC Banners are printed on a 440gsm PVC substrate using latex inks which gives them a scratch, UV and water resistant finish.

The banners have welded hems and can be eyeleted — perfect for long-term outdoor promotions.

Available in a range of sizes.

Optional extras:

- Eyelets
- Cable ties

from **£19** each

Roller Banners

These portable Roller Banners are ideal for indoor exhibitions and permanent office displays.

Choose from either the economic 440gsm PVC poster or the 410gsm Greyback poster material which prevents light from passing through and minimises curling on the sides.

Both substrates are printed using latex inks which gives them a scratch, UV and water resistant finish.

Includes:

- Banner stand and pole
- Single sided poster
- Carry case
